VOTERS WILL RECEIVE SHORT BALLOT AT POLLS NEXT TUESDAY, JUNE 4

Coffee County voters who go to the polls on next Tuesday will receive a much smaller ballot than they did in the May primary. There are only six names on the ballot in this run-off primary, and as there are no local or county races to be settled, some observers are predicting a very light vote. However, others are predicting that Coffee citizens will give a big turnout on account of the candidacy of Big Jim Folsom, former Coffee resident, boosting his popular vote for Governor. Here's how your ballot will look next Tuesday:

() Handy Ellis
() J. E. (Big Jim) Folsom
For Lieutenant Governor
() Reuben L. Newton
() J. C. Inzer
For Associate Member Public Service Commission

Soil Conservation Over Coffee County

By G. L. Edwards,
Soil Conservationist

The recent heavy rains that have caused such havoc to crops in the county could be a blessing in disguise, if only the eyes of our farmers are opened to the dangerous results of erosion, when it is allowed to go unchecked. Instead of throwing up our hands in disgust and calling it quits, let's resolve to do something about it and next spring combat the robber who is taking our soil from right before our eyes.

Here's what some of our farmers are doing to help fight erosion and add more cash to their pocketbooks:

W. L. Grimley, of Enterprise, has applied slag and seeded com-

mon lespedeza on an area covered with Bermuda grass. The resulting mixture increased the output of milk from his small dairy herd, and needless to say, there was no erosion on this area.

C. B. Williams, of Kingston, had 50 acres of blue lupine that made a good crop of seed. The lupine occupied the land at a time when the rains were wrecking the terraces in freshly cultivated fields, but the dead leaves, stalks and roots greatly reduced the erosion on the land occupied by lupine.

Where oats were recently harvested, the straw and stubble protected the land from excessive erosion. Several hundred acres were thus saved from destruction in our county. A small patch of oats along the highway near Keyton on C. Y. Martin's farm illustrates this soil saving.

Erosion can also take its toll by working in reverse. Draining ditches are often filled with sand, causing the formation of ponds and the "drowning-out" of crops and pastures. Such a pond was formed on J. A. Sessions' farm near Mt. Pleasant and Mr. Sessions plans to use dynamite to drain the pond.

Of course we realize that all of our cropland can't be planted to blue lupine, oats, lespedeza, etc., but one or more soil conservation practices can be applied to each farm to reduce the erosion if not control it entirely.

Flat Bottomed Pans
A flat bottom helps keep a pan steady and heats faster heating and more economical use of fuel on electric stoves should have dual-bottomed bottoms to save fuel. A dull finish absorbs heat in contrast to a shiny finish which reflects it.

FRIENDS AT BETHANY

LESSON TEXT—Mark 14:3-9; Luke 10:38-42; John 11:1-14
MEMORY SELECTION—Let us love one another: for love is of God.—1 John 4:7.

Friendship comes to those who are friendly. That response of heart to heart, which opens up the deep wells of mutual devotion, is one of life's richest experiences.

There are times when there must be the outpouring of sacrificial devotion.

"There's not a friend like the lowly Jesus, no, not one!" is not just the sentiment of a hymn writer. There is no friend like the Lord. He therefore, merits our fullest devotion.

There are three incidents in our lesson, all of which took place in Bethany, the little village near Jerusalem where our Lord had found real friends. He went there to rest, to pray, and to find companionship. These incidents reveal that:

I. Love Gives All In Sacrificial Devotion (Mark 14:3-9).

A rather shocking thing took place in the home of Simon, Jesus' distinguished guest, was at dinner with the disciples, when a woman walked in unannounced and anointed his head with costly spikenard ointment. The disciples were surprised, and led by the betrayer, Judas, who had his hands on the money bags, they protested such awful waste.

Think of it—the value of this ointment was 300 pence, the equivalent (we are told) of 500 days of work. That means in our day it would be worth from three to five thousand dollars.

She should have stopped to think! Some lesser gift would have shown her love, and this rich gift could have been used for the poor!

This woman, the cool, calculating church member; but the believer with his heart full of love for the Master, gives without stint.

The Lord honored her gift, and accepted it as the anointing of his body for his coming death. He reminded them that they would always have the poor to care for, and he would soon be gone.

Love which never overflows in the abandonment of sacrifice for the one beloved is a cold and distant thing; in fact, one wonders if it really should be dignified by calling it love at all.

The Lord is looking for followers who are willing to give themselves freely and gladly for him, pouring out the lovely fragrance of a life fully yielded to him.

II. Love Shares the Fellowship of Joy (Luke 10:38-42).

The little home of Mary, Martha and Lazarus in Bethany was lighted up by that intangible but delightful glow which comes with a friend who honors one's home by his or her presence.

He had often been in this home. Here he found relaxation and comfort. Here he gave of himself in fellowship and blessing.

But there was a shadow over this visit. Martha, eager to have a good dinner, was "cumbered" in heart and soon became critical of Mary because she sat at Jesus' feet.

Do not assume that Mary had not done her share of the work. She had, but she "also sat at Jesus' feet." In other words, she knew when the time had come to quit fussing and to get some real fellowship out of the joy of having Jesus in the home.

Who who serve the Lord need to watch lest we become so "cumbered with much serving" that we lose out spiritually. We can become so busy with church work, holding offices in religious organizations, yes, even with preaching and teaching, that we do not have time for personal fellowship with the Lord.

III. Love Bears the Burden of Sorrow (John 11:1-3).

The very home where joy was the portion one day, became the house of sickness, death and sorrow on another day. Life is like that—we may all expect that tragedy, sickness and death will come.

What then? Well, you will find that some of your professed friends will disappear. They are fair-weather companions. They have no taste for storms. Real friends will stand by, and what a treasure they prove to be!

But here again, the best friend of all is Jesus. When Lazarus was sick, "his sisters sent unto him." Send for Jesus in the hour of need! Oh, it is true that he did not come until Lazarus was dead, but he had a good reason for that, and in due time he came.

LADY NEARLY CHOKED WHILE LYING IN BED—DUE TO STOMACH GAS

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down, and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got INNER-AID and now she is going, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

INNER-AID contains 12 Great Herbs, they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Mysterious people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Coffee County.

MRS. GEORGIA MATHIS, Proprietor — ELBA, ALABAMA

Fraud or Ignorance WHICH, Mr. Folsom?

During your campaign, Mr. Folsom, you have made many promises.

If these promises were NOT made in a spirit of sincerity, but only to get votes, then you stand discredited. No HONEST citizens will knowingly vote for a DISHONEST candidate.

If your promises were made in good faith, they show as nothing else can your amazing ignorance of government and business affairs.

Here, Mr. Folsom, Is What Your Wild Promises Would Cost Alabama Taxpayers:

You have promised you would pave every road in Alabama during the next four years. THIS WOULD COST \$1,060,000,000.00. THIS IS MORE THAN TEN TIMES THE ENTIRE YEARLY INCOME OF THE STATE OF ALABAMA. To carry out your road building program would take a tax of 72c a gallon on all gasoline sold.

You have promised everybody over 65 years of age, \$50 a month as old age pension whether they need it or not. THIS WOULD COST \$78,607,259.45 A YEAR, OR OVER THREE-FOURTHS OF THE STATE'S WHOLE INCOME FOR A YEAR.

You have promised to raise every teacher's salary to not less than \$150 a month. THIS WOULD COST AN ADDITIONAL \$4,623,420.00 A YEAR.

You have promised to exempt all homesteads up to \$5,000.00 from both State and County taxes. THIS WOULD COST \$7,500,000 A Year

Here, Mr. Folsom, Are The Taxes It Would Take to Put Your "Program" Through

To carry out your promises to those over 65 years old, to our teachers and to owners of homes would take a SALES TAX of more than 12 1-2 cents on the dollar.

— or additional PROPERTY TAX of \$9.07 per \$100 of assessed valuation.

Are You Trying To Deceive The Voters, Mr. Folsom? Or Are You Just Plain Ignorant?

Either way, you don't deserve the vote of honest citizens who want good government in Alabama for the next four years

Judge Boozer Urges Election of Jim Folsom

TO THE PEOPLE OF ALABAMA:

I thank each and every one of you who supported me in my race for the Governorship of Alabama. For the faith and confidence you placed in me, as evidenced by your votes, I will always be deeply grateful.

After conference with Jim Folsom and Handy Ellis, and following consultation with a great number of my supporters, I have reached the conclusion that the best interests of the people of this State could be served by electing Jim Folsom as Governor, and accordingly I hereby endorse him and urge my friends and supporters to support him in the Run-Off Primary on June 4th next, because:

1. He is a young and vigorous man, fully capable, both mentally and physically, to carry the burdens of the Governorship, and to discharge the duties connected therewith efficiently and with foresight.

2. He will manage the affairs of the State Government, as the Chief Executive thereof, in accordance with the will of the majority of the people, irrespective of his personal opinion, thus carrying out the principles of democracy in its purest form.

3. He is not entangled with political agreements or alliances, with any group, faction, or clique, including the PAC of CIO, which organization endorsed him for the Governorship, which I have confirmed by talking with Mr. Folsom and Mr. Cary Haigler, State Head of the CIO.

4. He has an open mind on all matters of public import, and will give due consideration and thought to all matters that may be submitted to him for decision, and will appreciate the advice of any person who has had experience in his or her particular line of endeavor, which should be the case with any Governor, as no man, whomsoever he may be, knows all phases of the different types of endeavor.

5. He has the interests of the people at heart, and will serve them, not as a dictator, but as their chosen representative.

Sincerely yours,

ELBERT BOOZER.
